

ALD 2018/ALE 2018 Sponsorship and Exhibit Facts Sheet

Forms will be processed starting January 8, 2018, on a first-come, first serve basis—payment must be included.

The AVS 18th International Conference on Atomic Layer Deposition (ALD 2018) featuring the 5th International Atomic Layer Workshop will be a three-day meeting dedicated to the science and technology of atomic layer controlled deposition of thin films and now topics related to atomic layer etching. Since 2001, the ALD conference has been held alternately in the United States, Europe and Asia, allowing fruitful exchange of ideas, know-how and practices between scientists. This year, the ALD conference will again incorporate the **Atomic Layer Etching 2018 Workshop**, so that attendees can interact freely. The conference will take place Sunday, July 29-Wednesday, August 1, 2018, at the Songdo Convensia, Incheon, South Korea.

As in past conferences, the meeting will be preceded (Sunday, July 29) by one day of tutorials and a welcome reception. Sessions will take place (Monday-Wednesday July 30-August 1). All presentations will be audio-recorded and access provided to attendees following the conference (posters will be included as PDFs). Anticipated attendance is 600+.

ALD 2018 and ALE 2018 offers **excellent sponsorship and/or exhibit opportunities** that will enable an organization to maximize the impression they make at the conference given their budget constraints.

Questions

More information is available at www.ald-avs.org or contact Della Miller, 530-896-0477, della@avs.org.

Location

Songdo Convensia
123, Central Street, Yeonsu-Gu
Incheon, South Korea
